SUBSYSTEMS & ACCESSORIES

ADD ON DEVICES

- 8" Touch Remote Keypad
- Graphical Display Remote Keypad
- GSM Dialer
- Wireless Remote Keypad

SAFETY SENSOR

- GAS Leakage Sensor
- Water Leakage Sensor
- Temperature Sensor
- Humidity Sensor
- Vibration/Seismographic Sensor
- Smoke Detector & Fire Alarm

WIRED/ WIRELESS INTRUSION SENSORS

- Magnetic Contact Sensor
- Digital Vibration Detector
- PIR Motion Sensor
- Shutter Contact Sensor
- Panic Switch
- Sounder
- Beam Detector
- Jamming Detector

- These Sensors can be Installed on Doors, Windows, Metal Gates, Glass Doors, Shutters, Boundary Walls, Lobbies and others places as required.
- When the Panel is in Arm Condition, the Sensors Detect any Opening, Breaking or Breach of Doors, Windows or Boundary Walls and Sends a Signal to the Panel.
- The Panel will Turn ON the Sounder with a High Volume and Start sending SMS to saved mobile numbers. Once it finishes sending these SMS's it starts calling the number one by one from 1 to 14 and repeats this sequence of calling for three times and plays the recorded voice message to all the 14 numbers.
